

Enjoy a fully independent lifestyle

We operate our facilities much the same as traditional apartment complexes. Calgary Heritage Housing's administrative staff is available on site during scheduled office hours. In the event of an after-hour maintenance emergency, building personnel can be reached any time, day or night.

Our tenants must be capable of independent living. What we offer is a home you can be proud of, a community you can be part of, and peace of mind.

CHH Calgary Heritage Housing

Proudly serving independent seniors

Welcome home

Calgary Heritage Housing represents an independent lifestyle for low- to moderate-income seniors fully capable of living on their own.

While each self-contained, apartment or townhouse-style suite is a home in its own right, all the complexes we manage have developed their own sense of community just beyond the front door.

You're going to want to stay

Our staff fosters and maintains relationships with various community-based home care and health care providers. Upon request, we can connect tenants to available community outreach resources and support services that may help prolong an independent lifestyle.
